

ECE Department

Department Review of Thesis and Dissertation Instructions

The Department of ECE requires that each thesis and dissertation be reviewed by the Department, with the review being done by the Director of Graduate Studies (Prof. Jackson). The purpose of the department review is to check for basic technical formatting issues, and is a separate review from the college review done by Miranda Vernon-Harrison in the Dean's Office.

Please make sure that your thesis or dissertation is reviewed by the Department well enough in advance of your deadline for turning in your final version to the College, in order to avoid problems. Please submit your thesis or dissertation for department review to the Graduate Advisor, Kelly King, in the Department of ECE. You may turn in your thesis or dissertation to the Department at any time, either before or after your defense, and either before or after you submit it to the College for the college review by Miranda in the Dean's Office.

Please submit your thesis or dissertation for review as a pdf file to Kelly King. Please allow at least one week from the time that you turn it in to the Department for your review

After your thesis or dissertation is found to be acceptable by the Department, you will be notified by the Director of Graduate Studies, and Kelly King will keep a record of this so that Miranda in the Dean's Office knows that you have passed the department review.
